ON TOUR '88

It has taken four years to complete our high school career at Pope John XXIII Central High. Nobody said it was going to be easy, and for many of us it hasn't been. We have all faced difficult classes, impossible schedules, and strict teachers. The point, however, is that we have *made* it. In addition, most of us didn't just survive; we accomplished exactly what we set out to do and truly enjoyed ourselves in the process. The feelings of success are evident in some seniors more than in others, but it is an undeniable fact that all of us possess some pride in our accomplishments. Each individual student will associate Pope John with different events in years to come, but it is our hope that the pictures and words of this yearbook will help tell the collective story of a journey through our senior year at Pope John.

"THAT'S WHAT FRIENDS ARE FOR"

As we look back on our four years at Pope John, we find many friendships were made along the way. We laughed at our friends and our friends laughed at us. As we moved from freshman year to senior year, we became friends with more and more people. We learned about them day after day and year after year. Through those friendships we matured as people and grew closer together. We shared the memories of dances, our sophomore social and our proms, all of which will stay with us forever.

"FOOD, GLORIOUS FOOD"

Every concert hall has a concession stand, and Pope John was no exception. Our twenty-five minute intermission within our class day hardly seemed enough time even to choose between the dessert line or the other "food" line.

The other "food" line offered us a wonderful selection of delectable treats such as the infamous chicken patty, the well-buttered grilled cheese, the indescribable pizza, and, of course, the Friday special, tuna mixed in with plenty of

mayonnaise and served on a foot-long roll. Because the cafeteria didn't always satisfy our need for *real* food, we had to resort to other alternatives such as Donut Maker, Christy's, Burger King, and, of course, Kelly's Roast Beef.

"I CAN'T DRIVE 55!"

One of the most thrilling moments of the teenage years was the day we first got our licenses. After six weeks of drivers' education classes and months of terrifying our parents as they tried to teach us the rules of the road, we finally got our pink slips. Excited to try them out, we pes-

tered Mom and Dad for the family car. Now being "On Tour" took on a new meaning as we spent our leisure time driving to our friends' houses and taking our pals to Revere Beach to circle around and go down the strip again and again. We wanted to show off our new driving

skills, so we raced down the street, only to receive our first speeding ticket. Evidently driving was not going to be the free fun we had expected it to be. But imagine all the fun we would have missed if we had never gotten our licenses.

"BORN TO BE WILD"

"Fun"- It's such a tiny word, but it means a variety of things to a variety of people. As Pope John students, we spent our free time engaged in numerous activities: going to the movies, hanging out at Revere Beach, attending Pope John football games, and making waves at the MC dances. However, there is one pastime that included almost all members of our group- THE PARTY.

Parties seemed to be the most common sources of entertainment for Pope John upperclassmen. A word mentioned in the hallway could transform a small get-together into

a full-scaled bash. It really did not matter where the party was, or who was having it, as long as there was going to be a crowd. As we move on to college and journey toward adulthood,

the party scene will be different; the stage may be bigger, the crowd more diverse. However, partying is an art, and most students have successfully mastered it.

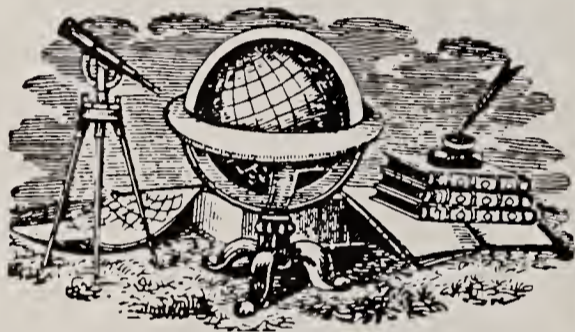

"DREAM ON"

As we trudged through the application process, taking our S.A.T.'s, going on interviews, and writing that dreaded essay, we often wondered, "Is college worth all this hassle and anxiety?"

Now we realize that college was the next step toward reaching our goals and fulfilling many of our dreams. Our tour didn't end with the completion of high school;

instead it began anew. We moved on as adults to pursue our interests, meet new people and prepare to expand our limited world and experience the wide world before us.

"DON'T STOP BELIEVIN'"

Even through the rowdier times, we never forgot Pope John was a Catholic school. How could we forget traveling to the auditorium for Mass? Remember Fr. Raeke's daily inspirations coming through the speakers?

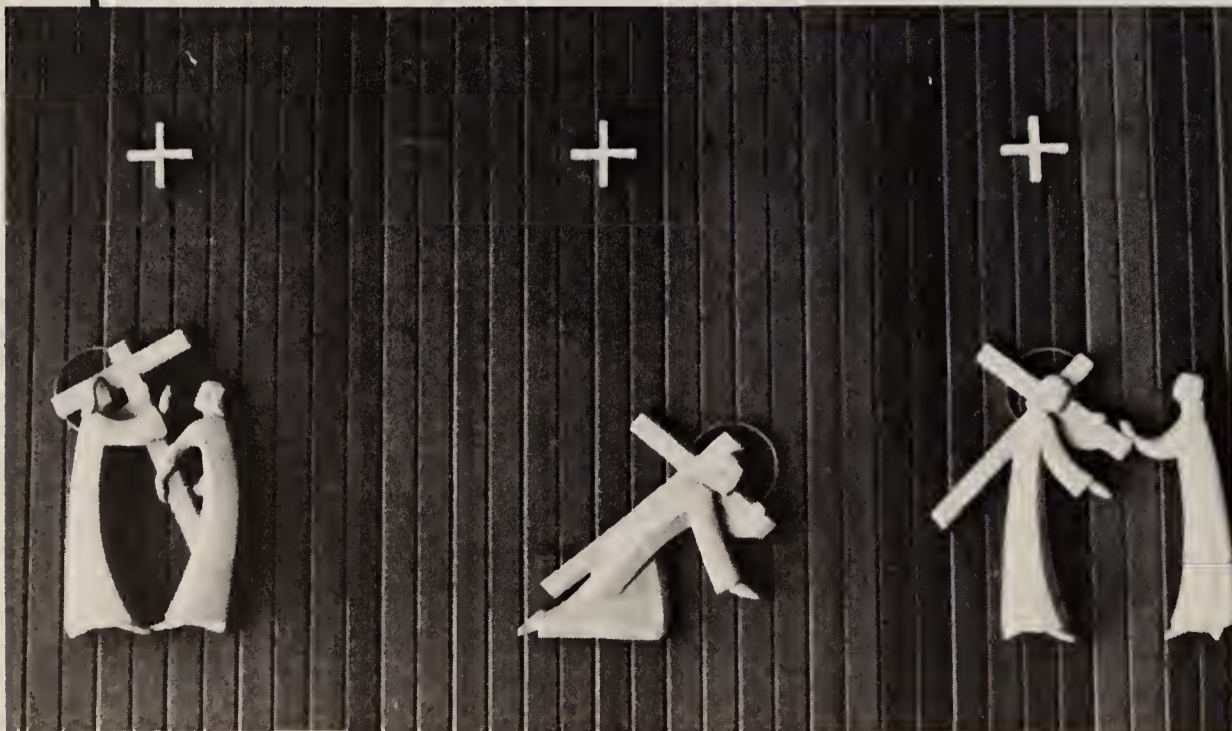

Campus Ministry, under the leadership of Mr. Fitzgerald, helped spread spirit through the school. Touring to Ipswich, running freshmen orientation, attending class retreats, and participating in the Oxfam fast were all part of C.M.'s work and play.

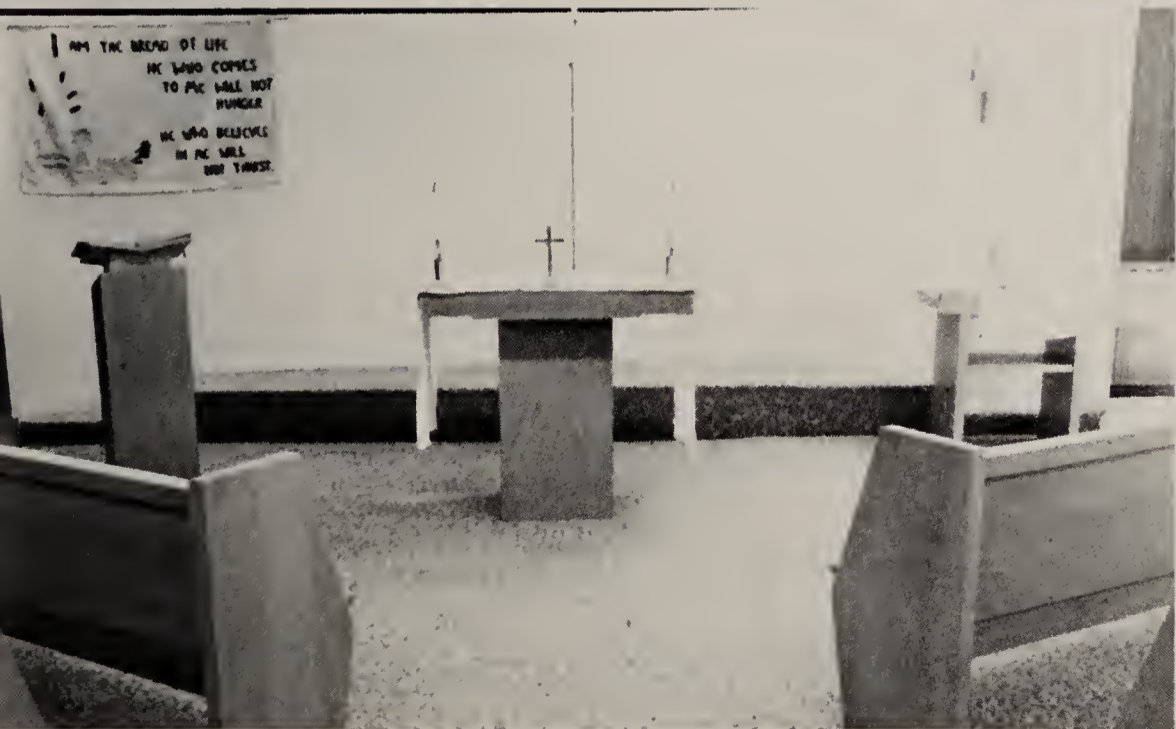

Christian Service was also a great unifier at Pope John. Fr. Joe's angels of mercy did good

deeds for Haley House, M&M, the Lafayette School, and our school.

School faith was more than any one group, though. We had faith in ourselves and

each other. There was always a friend we could turn to. As the saying goes, "When you think of old friends, I hope you'll call my name."

CHEERLEADING

"When I say 'Pope', You say 'John'-

 Number One!

Go ahead, make my day!

The Pope John Varsity Cheerleaders aroused spirit throughout the school community. The year started well with camp in late August. Then there was the fall sports rally which, after all of the hard work and practicing, turned out to be a huge success. The death of their dear friend Wendy Crafts was a horrible tragedy for the whole school, but especially for all of the cheerleaders who will never forget her big smile. Because the team was so close, they were able to handle the bad times with the good. They always had many good things to look forward to - games, competitions, and rallies - and no obstacles could get in their way. The cheerleaders expressed appreciation towards students, faculty, and especially Sr. Jean Vianney for her time and efforts.

"Look out below!"

Under the leadership of first year head coach, Rich Bell, the Tigers fought hard and won their first league championship since 1976. They defeated Arlington Catholic, 7 - 6, on Thanksgiving eve to win the title. Like most of their games, this was a classic. Although they lost some of their games, they never gave up. The Tigers were captained by the Revere/Charlestown connection of Jon Delena and Ed McKinnon. Delena was a returning all-league offensive guard, and the powerful McKinnon was the best defensive end in the league. Ed Sullivan called the offensive signals, and Paul Sobolewski did most of the running. Other Tiger standouts were Sean Duggan, Frank Tunnera, Dan O'Neill, Nino Donofrio, Rich Oberton, Bill Corbett, and Joe Bossi. Doing all of the booting for Pope John was Andy Nickell.

So, do you think we should spike?

The volleyball team finished the fall season of '87 with a 13-5 overall record. This was better than some had expected because the team had lost several veterans from the preceding year. The Volleyball team was disappointed that they didn't win the League Championships due to two losses to Archbishop Williams.

However, they qualified for the state tournaments and easily defeated Boston Tech in the first round. In the semi-finals against Newton North, the Pope John team was definitely the underdog. They managed to play their best game ever and won 3-2. The last game was a shut-out, 15-0. Although Pope John lost to a powerful North Quincy team in the final round, the girls achieved what no other Pope John volleyball team had ever accomplished.

Cross Country in this fall season of '87 was a very challenging and rewarding experience for both the captains and fellow teammates. Among the whole team there was a great sense of unity and team spirit. This spirit was one of the key factors in defeating some of our greatest opponents.

The seniors will surely miss their team and great coach Sr. Nancy. All of this would not have happened without her enthusiasm and support.

POW!!

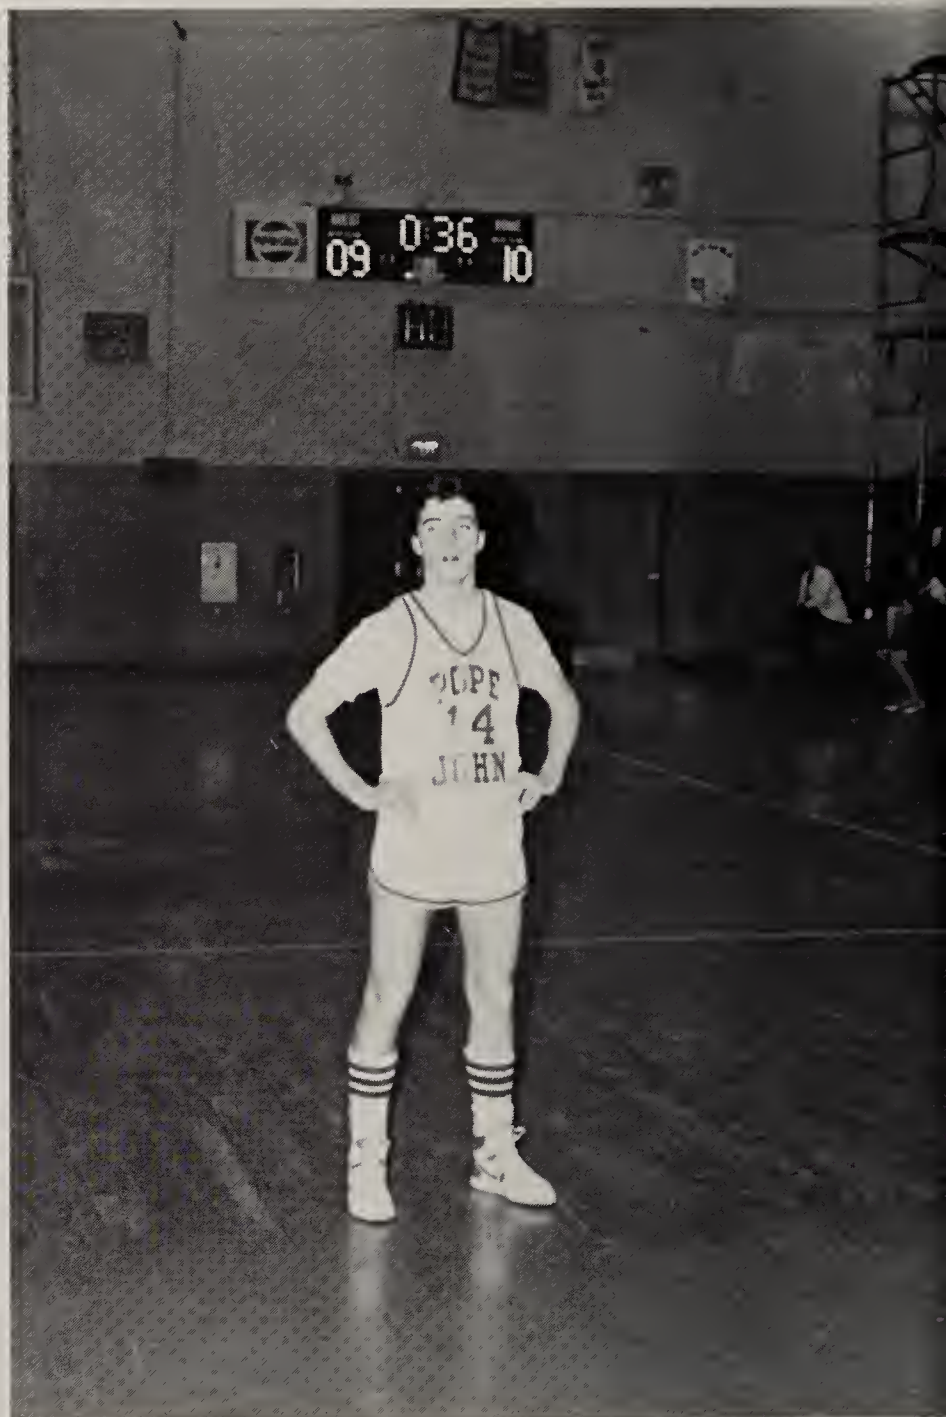

Pope John Soccer finished a .500 season this year without qualifying for the tournament for the first time as a varsity team. This was due to a move into the tough Catholic Central League which this year spawned four tourney teams. The season was highlighted by exceptional senior play by Matt Pavone, Chris Maioli, Greg Petipas, Fred Moscone, Mike Meehan, Billy Ryan, Al Santilli, and John Morong.

Although their effort was not reflected in the scoreboard, the 1987-88 Pope John boys' basketball team worked hard and hustled every game. The team was powered by a force of seniors, led by co-captains Eddie Sullivan and Joe Hennessy. Their performances were complemented by those of Mark Cinelli, Paul Shaw, Chris Maioli, Paul Sobolewski and Dan O'Neill. Under the able coaching of Mr. McCarrick and Mr. Graves, the Tigers had an exciting season.

Although the 1987-88 girls' varsity basketball season was disappointing, the team held together in spirit. The five starting seniors hustled and displayed their sportsmanship consistently. Kathy King was the driving force behind the team with her strong offense and defense. Julie Hubbard led the team in outside shooting. Susan Coffey, a strong rebounder, was also the fourth leading scorer in the Catholic Conference League. The defense was powered by Stacey MacCurtain and Nancy Weymouth. All five seniors reached their full potential under the guidance of head coach Sister Cathy Mozzicato.

The Tigers were a very strong hockey team in 1987-88. Although their talent didn't always show itself in their scores, we always knew it was there. Tri-captains Matt Pavone, Brian Gruning, and Alex Santilli, along with alternate captains Frank Botta, Joe Bossi, and Bill Ryan, led their team to a rewarding year. Brian Gruning was a strong force in offense and broke a school record by scoring over 100 points in his four years here. He got his support from Alex Santilli, Bill Ryan, Fred Moscone, and Derek Graziosi. Defense was led by Matt Pavone as goalie, with Joe Bossi, Guy Canto, and P.J. Munier making a formidable opposition. Coaches Mr. Pavone and Mr. Gruning had reason to be proud of their team.

 Sail on - On a distant highway
 I've got to keep on chasing a dream - I've got to be on my way.
 There's only something I can say
 Well I'm taking my time - I'm just moving along,
 You'll forget about me after I've been gone.
 And I take what I find - I don't want no more.
 It's just outside of your front door - It's been such a long time.
 Well I get so lonely, when I am without you.
 But in my mind, deep in my mind, I can't forget about you.
 Good times - Places that remind me
 I'm trying to forget your name - and leave it all behind me.
 It's coming back to find me.
 It's been such a long time - I think I should be going.
 Time doesn't wait for me - It keeps on rolling.
 There's a long road I've got to stay in time with.
 I've got to keep on chasing that dream, though I many never find it
